THE MOBILE
revolution

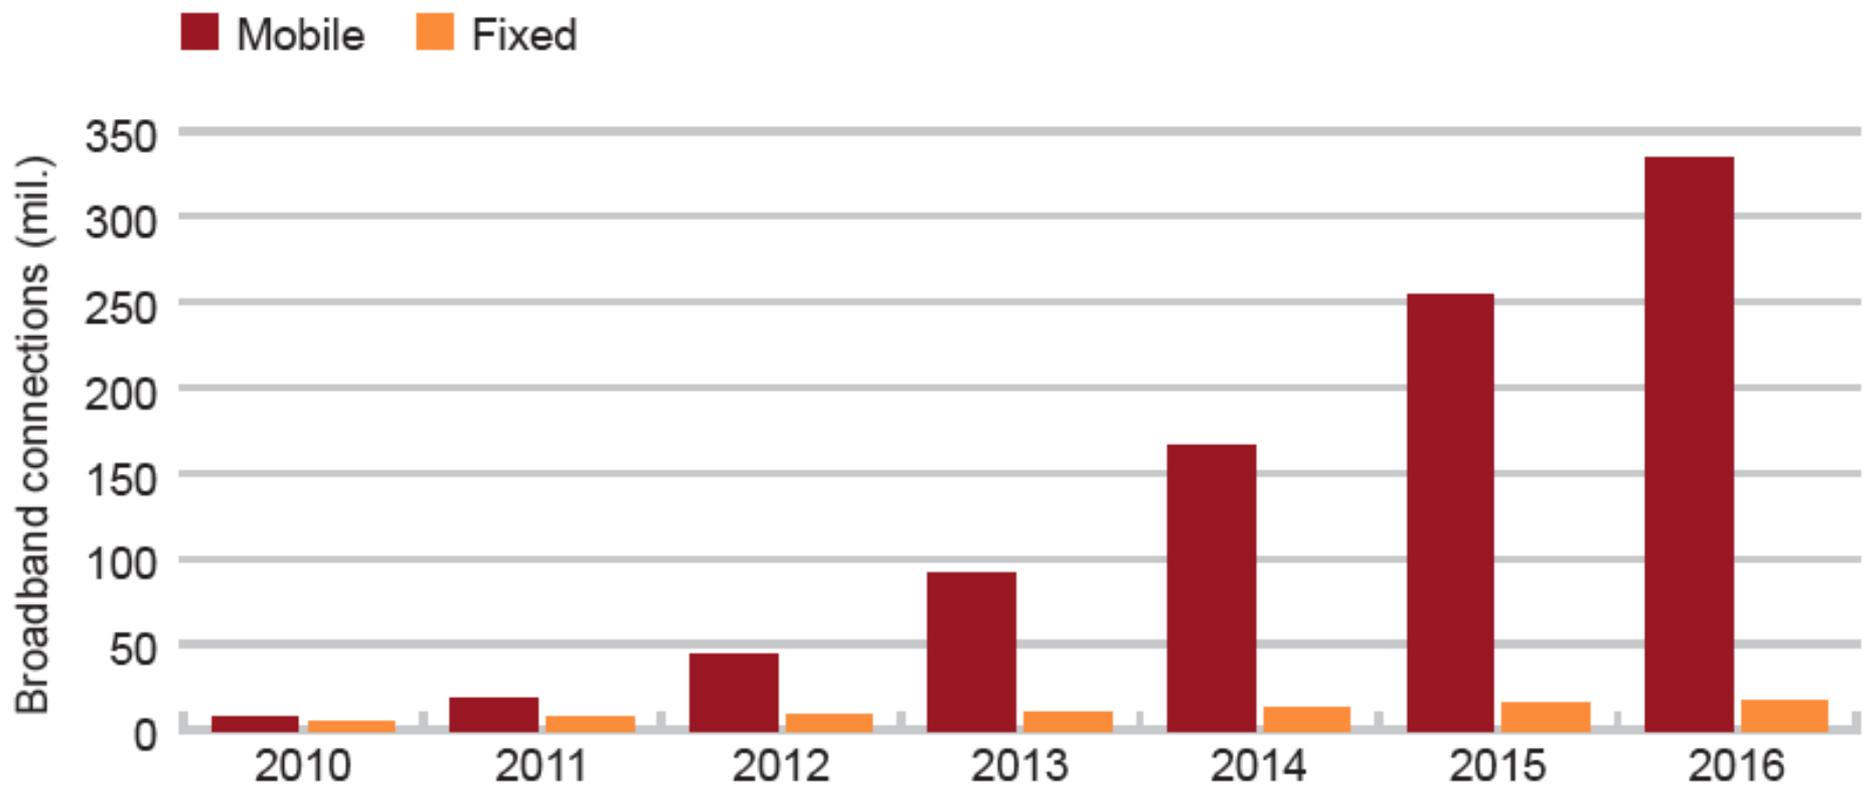

**“Most people will never use
a computer in Africa...”**

Gustav Praekelt – Praekelt Foundation

**“...the IT industry is in the middle of a once-
every-25-year shift to a new technology platform
for growth and innovation – that’s built on mobile
devices and applications”**

Frank Gens - IDC

The state of Agriculture in the era of globalization

mogetutu | June, 07 2013

The economic impact of globalization, particularly on poverty, and the changes in agri-food markets have received much attention in recent years. However, the intersection of these two trends has been neglected. The present volume fills this gap by focusing on the way globalization of agri-food systems...

Crop Damage Caused by Army Worms - Zambia 2012

Information brought to you by the Disaster Management and Mitigation Unit, Office of the Vice President, Zambia

 **SUBMIT A REPORT**

Caterpillars also known as army worms have spread across the country of Zambia. Army worms eat everything in an area and once the food supply is exhausted the entire "army" will move to the next available food source.

PLEASE LET US KNOW IF YOU HAVE BEEN AFFECTED BY ARMY WORMS. Click the "How to Report" Button on the right. Please use 909 for voice calls on MTN lines, or 909 for text only on Airtel and Zamtel lines. Please use free 988 line to reach staff from the Ministry of Agriculture who can give you advice. You can also use our online form to submit a report. Please also see the Ministry of Agriculture website for more information: <http://www.agriculture.gov.zm/>
