WHO WE ARE AND WHAT WE DO?

Welding and Fabrication

We are well experienced in the fabrication of stainless and aluminum as well as mild steel. We also fabricate & install structural steel & miscellaneous metals including metal pan stairs, and miscellaneous and ornamental iron railings.

Electrical Installation

Our approach is to provide you with the most innovative and cost effective service within the electrical industry. We pride ourselves on providing honest and reliable electrical solutions. As a market leader we can provide a diverse range of top quality services and installations.

Construction, painting & refurbishing

Zowa Legends has loads of experience with this service, using respected equipment brands and trusted material providers. We offer professional and experienced help with your projects, helping to match your unique needs and budget. We strive to provide great customer service and clear communication so you can understand the progress of your job at every phase.

Earthmoving Equipment

Not all our clients have the time or the expertise to service their equipment to the level of services needed. And with the affect poor servicing could have on factory warranties, equipment services is something that has to be done when needed, and done professionally. That's why offering our clients with Service Agreements provides our customers with even more time to focus on business and less time to worry about their equipment.

Fencing

Zowa Legends installs a wide variety of fence. We are well versed in the latest materials and styles for residential, agricultural and commercial fence. We will assist you in finding the perfect fence for your property while staying within your budget. Your fence installation project will be designed and estimated on site to ensure all details are correct.

Structural Steel Work

We offer complete solutions starting from design and detailed fabrication, construction and erection of heavy structural steel buildings, platforms, bulk storage infrastructures, pressure vessels, high pressure & industrial piping and miscellaneous steel structures. We are committed to improvement of excellence in every activity by delivering quality products and services.

Bush Clearing

We clear away all types of bush and shrubbery that has become out of hand and overgrown. Zowa Legends ensures that every granted project will receive the highest possible priority and that all suitable resources will be made available to undertake and complete it within the settled time frame.

Irrigation

We maintain plants and lawns to many prestigious government institutions, banks, hotels, offices, and residential properties. A specific watering program is designed either through manual watering or irrigation control. We install and maintain irrigation systems as per our client requirements/needs. Our focus is to reduce water waste, pollution runoff and over irrigation.
